MCCARTHY & HIS ENEMIES

SENATOR JOSEPH MCCARTHY AND HIS LOVELY WIFE, JEAN

YOU CAN'T FIGHT A KING COBRA WITH A PERFUME ATOMIZER

(Editorial from New York Sunday News, which has twice the circulation of any paper in America)

One of the laws of physics is that every action breeds its opposite and equal reaction. That law frequently appears to apply to politics and shifts in public opinion, as well as to liquids, solids and gases.

For example, let's consider the case of Senator Joseph R. McCarthy (R-Wis.), and how and why he came to be the burning national issue that he is today.

In Senator McCarthy, the domestic Communists and their fellow travelers have the fiercest, most courageous, least merciful single enemy they have ever yet run afoul of.

His strategy and tactics are fully as shrewd and agile as theirs, and often more so—which is the main reason why they hate his insides. McCarthy has demonstrated that he will never quit his crusade against U. S. Communism as long as he is able to carry it on.

By and large, we think that McCarthy's heart is squarely in the right place, and that he is doing a job which badly needs to be done.

Well, how did the domestic Reds acquire so relentless an enemy? What produced the force which some people damn and others bless under the name of McCarthyism? What was the action that bred this terrific reaction?

Anybody even sketchily acquainted with the history of this country for the last 20 years can easily figure out the answer to those questions.

President Franklin D. Roosevelt triggered off the McCarthy-producing action when he recognized Soviet Russia in 1933. From that time on, the New-Deal setup was, among other things, a love-nest for Communists.

They had virtually the run of the White House, and of the State Department. Alger

"MCCARTHY'S DOING A GOOD JOB — BUT"

Republished from "Exposure" bulletin of Americanism Committee, American Legion, Springfield, Mo.

We'd like to open with a little essay on "methods." As a preface, we're getting a bit bored with the phrase: "Sure, I agree with what he's trying to do, but I can't tolerate his methods."

Let's take a long look at some of the methods being criticized today. First, here's a boiled down version of a hearing before the McCarthy Committee. We've read hundreds of thousands of words of testimony before this committee, and the following can be considered typical. It involves the fairly recent investigation into security phases at the Government Printing Office. It opens with a statement by Senator McCarthy to one Edward Rothschild, accompanied by Charles E. Ford and Stanley B. Frosh, attorneys.

McCarthy: Mr. Rothschild, you have been sworn and you are mindful that that oath is still in effect. You may sit down. Mr. Rothschild, very, very serious charges have been made concerning you. The charge is made that you have been for a long time a member of the Communist Party, not only a member but an officer of the C. P. Before we start to question you if you would care to comment on those charges at any length, you may do so, one of the most serious charges that has ever been made against any Government official. Would you care to comment on that? Otherwise, we will proceed with the questions. No comment? Let me ask you this, Mr. Rothschild: You are presently working in the Government Printing Office?

Rothschild: Fifth amendment, Senator. I refuse to answer that question on the grounds that it might tend to incriminate me.

—(Continued on Page 2)—

Millions of words have been written about the McCarthy-Stevens circus which was forced on the country by the masterminds of the Invisible Government in order to stop McCarthy's investigations which were leading dangerously close to important members of the Invisible government, hiding behind politicians which they are using in the Marxist plan to disorganize and confuse the people to the point that we will submit and allow the Constitution to be abolished so as to set up a World Government.

This article is intended only as an outline of the facts which newspapers carrying advertising will not publish. The Invisible Government and their stooges have been trying to set up in the people's minds that this is a contest between Senator McCarthy, "a witch hunter," and the Army. This whole affair, of course, is a farce planned to stop McCarthy's investigation, but at best is only a contest between Roy Cohn and civilian politicians who have been placed in charge of the army. All in all, McCarthy's troubles from the start can be traced to the political Zionist Jews.

Some people will be quick to say Cohn and Schine are Jews. We have not said one word against them or others who are apparently not part of the Marxist plan to break down all governments in the world. In any religion or organization, not all those known as members actively participate or are aware of the plan. The fact still remains that Communism, Socialism and Zionism have been set in motion and directed by international political Jews. All students of the question know this, but a few who fear economic reprisal keep quiet and just oppose Communism and ignore the brains responsible. We have offered many times, and we offer again, one page of Common Sense to any recognized Jewish leader to refute this charge.

Irving Peress, a Jew, refused to sign a loyalty oath, took refuge behind the Fifth Amendment and refused to answer Sen. McCarthy's question: "Are you a Communist?" On 33 counts Peress indicated he

was a Communist. It developed that Peress was giving Communist talks and had set up a Communist cell at Camp Kilmer in New Jersey. To prevent his being court-martialed, three days after Peress refused to

McCarthy: I do not believe, Mr. Ford, that the witness should be entitled to refuse to answer that he is working in the GPO on the ground that it might tend to incriminate him. That is a matter of record. Perhaps he could refuse if there is a claim, as there is, that he has stolen documents from the GPO. I believe he would be entitled to refuse. What is your thought on that?

Cohn: I think he might be able to refuse because that is one link leading to his guilt.

McCarthy: Yes, I think he is entitled to refuse to answer that. Let me ask you this: Do the public records show that you are now working in the GPO?

Rothschild: On the same ground I refuse to answer that question, sir.

McCarthy: I guess you are entitled to refuse. Are you a member of the Communist Party as of this moment?

Rothschild: Under the fifth amendment, I refuse to answer that question.

McCarthy: Do you feel if you were to give a truthful answer that answer might tend to incriminate you?

Rothschild: I refuse to answer that question too, sir.

McCarthy: Mr. Rothschild, you have very competent counsel here . . . therefore, it is hardly incumbent upon me to advise you. However, you have been charged with espionage against the United States in time of war, stealing secrets, stealing a code, being a member of the Communist Party. You of course can refuse to answer those questions if you honestly feel that a truthful answer might tend to incriminate you. However, that is the only ground upon which you can refuse. Your refusal is telling the world that you have been stealing secrets, that you are a member of the party, that you have been engaged in espionage. You can do that if you care to. I understand you persist in refusing to answer on the ground that a truthful answer might tend to incriminate you. Is that correct?

Rothschild: Under my rights under the fifth amendment, I refuse to testify against myself on the grounds of self-incrimination.

McCarthy: You are entitled to refuse. Mr. Counsel, will you call the head of the GPO and inform him of this testimony. I assume that Mr. Rothschild will be suspended. I cannot conceive of his being allowed to go back to the GPO and still handle confidential and secret material.

Shortly thereafter, the Government Printing Office suspended the witness and another fifth amendment Communist bit the dust, thanks solely to the methods currently so disagreeable to the bleeding hearts. Now, for a change of pace, let's crossfade to the methods used by the Communies, as revealed by the Subcommittee on Korean War Atrocities. This testimony, cut in the interests of brevity, was given by Charles Edward Kinard, a Korean veteran who was captured by the Communists.

Kinard: (cont.) So, immediately they (the Communists) moved in a couple of steps and caught hold of me and made gestures for me to raise my hands. I couldn't get my left arm up. So they had taken one of my shoe laces off and tied my hands behind me and started giving me the rifle butts. I still have several scars on my legs today, and they hit me on the face and spit in my face, and did several things, the usual treatment, I should say . . . I was taken out to the hills . . . and when I was taken (there) they give me some more treatment. First they put rocks in my shoes and they would chase me until I would fall. I had lost quite a bit of blood and when I would come to, they would be giving me the cigarettes to my feet and legs and various places.

Sen. Potter: They would put lighted cigarette—

Kinard: Yes, burning me to get me to go again.

Sen. Potter: To your bare feet?

Kinard: That is right. Then giving me all this, they decided they would try something new, at which time they had taken the C ration can opener which was on a dog tag hanging around my neck. They inserted that into the wound in my left shoulder and give them a half twist and one of them said: "Ptomaine poison." I don't know where he heard the word. After he inserted this into my wound, then I had taken it out. He slapped me and hit me on my shoulder, on the wound, with the butt of his rifle and put it back in there. Well, I decided it would be best if I left it in there. At that time, I was returning to the CP again. When I went into the CP there were several ranking officers in this CP (command post) . . . the fellows there were in their shorts with their jackets on . . . they were drinking saki or some form of liquor . . . they gave me the works then and again with the can opener. They twisted it on up in my shoulder fairly well.

Mr. O'Donnell: How did you get that out of your shoulder when you did take it out on that one occasion?

Kinard: As I said a moment ago, I had taken it out one time, after they inserted it, and they give me a little rough treatment and throwed it back in there and give it a good push up into the wound. I left it there . . .

There you have it. The Senator from Wisconsin has the reputation for being the roughest man in the country when he takes in after Communists. His methods have been castigated by thousands who have never read one word of testimony before his committee. On the other side of the fence, you've gotten a glimpse of typical Communist methods against Americans. Now whose methods are rough?

JEWISH ORGANIZATIONS ATTACK McCARTHY

The New York Times of July 18, 1953, reported "The National Community Relations Advisory Council, made up of six national and thirty local Jewish organizations yesterday attacked Senator Joseph R. McCarthy . . ." Some of the constituent national organizations that make up the N. C. R. A. C. are: American Jewish Congress, Jewish Labor Committee, Jewish War Veterans of the United States, Union of American Hebrew Congregations; also local, State and Regional agencies of the Jewish Community Council for Akron, Cincinnati, Cleveland and Youngstown, Ohio; Alameda and Contra Costa Counties, Calif.; Baltimore, Md.; Metropolitan Boston; Bridgeport, Hartford and New Haven, Conn.; Brooklyn; Camden and Essex Counties, N. J.; Detroit; Indiana; Indianapolis; greater Kansas City; Milwaukee, Minnesota, Norfolk; Philadelphia; Pittsburgh; Rochester, St. Louis; Southwestern; San Francisco; Washington, D. C. and no doubt every other city or state in which such an organization is located.

NEW YORK POST, "To millions of Americans the spectacle of 6,000 New York policemen frenziedly cheering Joe McCarthy was an ominous show. McCarthy has become a modern symbol of disrespect for law and order." April 6, 1954.

THE PEOPLE'S WORLD, Communist daily newspaper of California, edited by the Jew, Al Richmond, reporting the resolution of the California State Committee of the Communist Party calling for a united stand against McCarthyism, stated: "While serving and reflecting the whole broad movement against McCarthyism which is now developing, the People's World has alone dared to report the views of the first targets of the McCarthyite attack, the Communists." March 25, 1954.

CALIFORNIA JEWISH VOICE. Milton Freidman's column in the California Jewish Voice, March 16, 1951 (note how far back the fight to "get" McCarthy started) stated: "... Sen. Herbert H. Lehman compared Republican Senator Joseph McCarthy with Hitler. Sen. Lehman said the 'black evil of McCarthyism' applied through the Hitlerian 'big lie technique' has captured 'the imagination of the American people.'" Samuel B. Gach in his column, "In the Know . . ." had this to say about McCarthy: "Many people like Ike and so do I. If he is squeamish about permitting the name of the arch-villain of our present era to pass his lips, it's good enough for me too." (Mar. 26, 1954).

B'NAI B'RITH MESSENGER. "McCarthyism is a reactionary political movement whose chief weapon is quick reprisal against its opponents. It employs every tested device to paralyze the opposition. Against this array of weapons the defensive approach must inevitably fail. It can be met only, as the National Council of Jewish Women declares in one of its recent pamphlets, by a positive stand and by affirmative action." (Jan. 18, 1952).

We wonder why the Jews of Israel feel they have the right to pose questions regarding the Junior Senator from Wisconsin. In an address before a large audience in Beverly Hills, Milton Friedman, Washington correspondent for the Jewish Telegraphic Agency, said that one of the questions most frequently asked of him during a recent trip to Israel was: "Why doesn't President Eisenhower stop McCarthy?" (Reported in the B'nai B'rith Messenger, Feb. 26, 1954.) Obviously the opposition to McCarthy by the Jewish people is not confined within the borders of America.

THE JEWISH EXAMINER, April 9, 1954. "BRAVE RABBI! — Rabbi Joseph S. Shubow of Boston, one of the most distinguished and eloquent spiritual leaders in the country, former associate of Rabbi

Compared to the Communists, McCarthy is a pink tea and crumpets boy, and yet he's supposed to be the roughest anti-Red in the land. Where were the bleeding hearts when the Korean war atrocities were being aired? We'll tell you where they were. They were too busy hating McCarthy to take notice. We think it's about time for the country to realize that when you're face to face with a Communist, you don't take refuge under the fifth amendment, and if you have an open wound and there's a can opener around, God help you.

Wise, has stirred up a hornet's nest among friends of Joe McCarthy, whom he has strenuously and fearlessly opposed for a long time . . ."

JEWISH LIFE, July 1953. "... the freedom of our country demands an aggressive fight to drive McCarthyism from American life. The security of the Jewish people and the whole American people depends on it."

THE NATION, March 6, 1954. "Emperor Joe is an artful bluffer but he has no clothes. His social program is 'anti-communism' nothing more . . ."

UNITED ELECTRICAL, RADIO AND MACHINE WORKERS OF AMERICA (U. E.) "McCarthyism IS MORE THAN A MAN. It is a symbol — as Hitler was a symbol — of danger to our entire democracy unless we unite to defeat it."

Many good people have been turned against Sen. McCarthy by deceptive misleading articles. We have seen in Marxist controlled publication more than a hundred cartoons depicting McCarthy as the opposite of what he is. The above, supposedly a picture of Sen. McCarthy has been used time and again by two Jewish edited publications: The Daily Worker, People's World (both Communist). It was the Daily Worker that coined the word McCarthyism.

WASHINGTON POST-TIMES HERALD. Eugene Meyer, Editor, and his wife, Agnes, carry on a constant fight against Sen. McCarthy. Mrs. Meyer had this to say about McCarthy: "McCarthy is a political profiteer exploiting our fears for the advancement of his political power. It is his obsession with power and ever more power that leads him to despise human dignity and most of the democratic values that we cherish."

THE PROGRESSIVE, April 1954. "... McCarthy has so totally distorted the evidence and overplayed his hand as to render his 'revelations' less than useless."

THE ANTI DEFAMATION LEAGUE. Milton Senn, southwest regional director of the A. D. L. told a group of Santa Ana ministers and church representatives that the "nation is living in a period of fear and hysteria induced by 'outrageous' tags and labels, McCarthy-type investigations, inferences to communistic links and the 'unproven' legislative reports on Communist and communist-front organization." (Reported in the Register, March 17, 1954.)

LAS VEGAS SUN. Hank Greenspun, editor, once convicted for smuggling, has been indicted for writing and publishing material tending to "incite the murder or assassination" of Senator McCarthy. In an article which appeared above his name, Greenspun said in part: "I have never been one to make predictions, but when a thing is inevitable, even I can foresee the future. Sen. Joe McCarthy has to come to a violent end. Huey Long's death will be serene and peaceful compared with the demise of the sadistic bum from Wisconsin . . . I would hate to see some simpleton get the chair for such a public service as getting rid of McCarthy . . ."

deny he was a Communist, he was promoted from Captain to Major and given an honorable discharge from the army. General William Bergin, a Christian, in the Pentagon Building, signed the order and sent it to Camp Kilmer. What Senator McCarthy wanted to know is: Who directed General Bergin to commit such an act? That is the \$64 question.

John G. Adams, counsel to the army who directs Secretary Stevens, was trained by Anna M. Rosenberg and placed as her first assistant while she was Asst. Secretary of Defense and in fact ran the department with dopey General Marshall (I don't remember where I was the night before Pearl Harbor.") as a front and stooge.

It was also Anna M. Rosenberg who hired everyone for the Manhattan project, the original organization to build the atom bomb. The Rosenbergs, Golds, Adlers, Ulmans, and hundreds of Jewish reds took that over.

Secretary Stevens is a rich man's son who inherited his father's business, the J. P. Stevens & Company, a textile concern which does a 500 million dollar business and sells 98% of its products to Jewish merchants. Stevens was placed in his position through the influence of former Gov. Driscoll of New Jersey. No doubt Stevens was a heavy contributor to Ike's campaign. Informed persons in New Jersey know that Driscoll was elected Governor through the manipulations of organized Jewry with the powerful cooperation of Longie Zwillman, Jewish racketeer, who Frank Hague says has taken his place as political boss of New Jersey. Stevens is in a hot spot and is being sacrificed. He dare not reveal the fact that behind him stands Anna M. Rosenberg, Felix Frankfurter, Bernard M. Baruch, Dwight Eisenhower and the whole World Government outfit. Stevens is at their mercy. Should Stevens reveal the name of the person who gave Gen. Bergin the order to promote and give Irving Peress an honorable discharge, the Jews could bankrupt Stevens in a few months.

Common Sense has a photograph of Anna in her office while Asst. Secretary of Defense. On the wall behind her chair is a large photograph of Baruch. Anna, as a Marxist and an important member of the Invisible Government was forced into the Defense Dept. in which position she supervised the hiring for fifteen government departments and hired as many as 3000 per week for more than two years she held that job. She had direction of placing or hiring employees in manufacturing plants with government contracts. She created the Civilian Defense and packed the Defense Dept.

When Anna was up for appointment as Asst. Secretary of Defense, she was identified as a member of the Communist John Reed Club by Ralph de Sola. Mr. de Sola, under oath, looked her squarely in the eye and identified her as a member of that Communist organization, but Anna said it must have been another Anna Rosenberg. This was an important matter, a question of allowing red Anna to take over the entire Defense Dept., but after more than three years the F. B. I., Military Intelligence, Central Intelligence Agency, Scotland Yard, Canadian Mounted Police and the Boy Scouts cannot find this other Anna. Reason: she never existed even in the Marxist mind of Anna M. Rosenberg, wife of a rug peddler and a friend of the Abraham Lincoln Brigade.

Who was Chairman of the Armed Services Committee that cleared Anna in the face of sworn testimony that she was a Communist? None other than Sen. Millard Tydings of Maryland who also defended Owen Lattimore and many State Dept. Communists. Tydings is son-in-law of F. D. R.'s Ambassador to Soviet Union, Joseph Davies, a Jew, and author of the Marxist book "Mission to Moscow."

While Anna M. Rosenberg was in complete control of the Defense Dept. with Gen. Marshall as a front, the F. B. I. sent many letters to the Army giving the names of Communists and their access to vital secrets in the Army. What did Anna do? She promoted some of them and hired more of them — many from the red City College in New York (Baruch's College).

Anna is out, but the Marxists she hired are still functioning under orders from the Invisible Government. She trained John G. Adams, her Gentile stooge, to function along with the Marxist cells she set up. Marxist cells have been set up in all government departments. When McCarthy's Committee goes after them, it frightens Jews in the top strata. McCarthy was getting too close for comfort. Hence all publications and organizations in a position to be influenced by organized Jewry, are ordered to destroy McCarthy. For weeks they have prevented the McCarthy committee from investigating traitors.

About noon of Tuesday, March 9, 1954, Bernard Baruch had Senator McCarthy at a 45 minute conference in Baruch's suite at the Drake Hotel in New York City. For proof of this statement see New York Daily News, page 5, March 10, 1954. John McVane, radio commentator (Florida), in his broadcast, at 8:45 A. M., Wednesday, March 10, stated that Baruch and McCarthy had had a conference the previous day at Baruch's invitation.

At about 2:00 P. M. of March 9, 1954 (about two hours after this ¾ hour conference between Baruch

MAJ. GEN. KIRKE B. LAWTON

Regarding Maj. Gen. Kirke B. Lawton, Commandant at Fort Monmouth, N. J., the New York Journal-American, April 29, 1954, stated: "He is understood to have stated that the McCarthy subcommittee had accomplished more in two weeks than the Army had been able to accomplish in nearly two years." General Lawton is a real American sincerely interested in destroying Communism.

and McCarthy) Senator Flanders, a left-winger whose present term does not expire until 1958, which insured him from any campaign-reprisals by Senator McCarthy, as Flanders will then be 80 years old and obviously not a candidate for re-election, bitterly attacked Senator McCarthy on the floor of the U. S. Senate.

Assuming Baruch sent for McCarthy to get him to do something at Baruch's request, and that McCarthy refused, could Baruch have 'phoned to Flanders to let loose the prepared attack on McCarthy? See pages 2726-2727 of Congressional Record of March 9, 1954, which clearly shows by Flanders' own admission in the first paragraph of his speech, that he had prepared this speech for delivery knowing McCarthy would be in New York City when Flanders delivered it. (Senatorial courtesy requires that the attacking Senator gets word to whoever he proposes to attack so that the Senator attacked may have an opportunity to immediately reply to the attack on the floor of the Senate.)

The Jewish Examiner of Brooklyn, March 19, 1954, reported that Hy Gardiner had stated in his column in the New York Herald Tribune that "the recent visit of Senator Joe McCarthy to elder statesman Bernard Baruch was not all sweetness and light." The Examiner goes on to state that Mr. Gardiner gave the following "inside story" on what happened: "Baruch refused to shake McCarthy's hand, then told the Senator that 'if he persisted in his unfair attacks on his alma mater (CCNY) he, Baruch, would consider it a personal attack and conduct himself accordingly.'"

It was brought out during the McCarthy hearing that a majority of the Jews who were dismissed for subversive activities at Fort Monmouth on account of McCarthy's investigation were from the City College in New York. One of these, Aaron Coleman, a Jew, was chief of top secret Fort Monmouth radar laboratory which is our government's main radar laboratory for protection of U. S. against bombing. U. S. Security officers found 43 secret classified documents in Coleman's home and it was established that he cooperated closely with Julius Rosenberg who was recently electrocuted as a spy.

Among the letters written by the F. B. I. to the army was one on January 26, 1951, giving a report on Aaron Coleman. At that time Anna Rosenberg was in charge of the Defense Dept. Did Anna and her civilian reds in the army get excited upon receiving these F. B. I. warnings? They did not. Coleman was kept right on until Sept. 28, 1953; until Sen. McCarthy stirred up the reds at Fort Monmouth.

Even if it develops Stevens and Adams are guilty of perjury a dozen times, they will not serve a prison term for Eisenhower's full approval was needed before Stevens and Adams created the boner of bringing on this hearing when they released the phony charges against Sen. McCarthy. Eisenhower and the Marxist advisors surrounding him will back up Stevens even if it ruins the Republican party and the New Deal Democrats take over next election, for parties mean nothing to Ike who owes his whole public life to the Invisible Government who owns and uses him.

F. D. Roosevelt was groomed for President by the political Jewish leaders. Sam Rosenman was appointed to be at F. D. R.'s side and keep watch over him from the time he became Governor of New York until he committed suicide or was murdered. Rosenman wrote F. D. R.'s speeches as he did Truman's who succeeded F. D. R., arch traitor to his country.

David Niles and hundreds of Jews surrounded F. D. R. and government employment gates were opened wide to Jews from all over Europe and Soviet Union who flocked over to live off the United Saps of America.

Under F. D. R., Truman and Eisenhower, directed by the Marxist Invisible Government for 20 years, such Gentile stooges as Dean Acheson, Gen. George Marshall, John Foster Dulles, Alger Hiss, Owen Lattimore, Harold Stassen, Phillip Jessup, Gen. Lucius Clay, John McCloy, we have placed our troops in 63 countries after breaking down the only power (Germany) which could keep Communism under control in Europe. The U. S. now faces a frankenstein created by our robot politicians. The blood of our Youth is at stake.

The Soviet Union is strengthened by hundreds of German plants of technical machinery, moved on our Lend-Lease trucks and turned over to the Communists by our Marxist directed State Dept. These important assets, joined with thousands of German scientists, technicians and skilled machinists delivered to Communist Russia by Eisenhower while in charge of the army in Germany, and important military secrets stolen from us by Jew Communists, make the Soviet Union a terrible threat.

The controlled left wing Republicans are methodically maneuvering our sons into the bloody boiling trap in Indo China 6876 miles from San Francisco. The patient, tolerant mothers and fathers must not be concerned with this, their attention must be focused on something else, hence the McCarthy hearings are planned. But by whom? If the American people will read fearless, factual exposure by informed patriotic Christian Americans, they will understand who planned this and other schemes to destroy the U. S. and set up World Government. To prevent Sen. McCarthy from exposing the thousands of traitors in our government departments, the International Jews will, if necessary, maneuver us into war knowing we will likely lose a million boys, our Constitution and Republic destroyed. Do you doubt this? Read the Talmud and the Protocols. Have you the courage to stand with us and back down these traitors?

YOU CAN'T FIGHT A KING COBRA WITH A PERFUME ATOMIZER

(Continued from Page 1)

Hiss flourished, the Harold Ware Communist cell in Washington prospered, Red spies got about all the information the Kremlin wanted on anything American.

Roosevelt lifted one squawk against Communism, when Russia attacked poor little Finland in 1939. Outside of that, he was Joe Stalin's good friend—and he became the Lend-Lease savior of Russia after Hitler attacked the Soviet in June of 1941.

When Truman took over in 1945 on Roosevelt's death, he continued the policy of slavish "friendship" for Russia, which was, as always since the 1917 Bolshevik Revolution, plotting the eventual conquest of the world. Truman began to see the light in 1947, regarding international Communism. But he could not or would not believe that the Reds who had penetrated the U. S. Government were plotting its violent overthrow.

Perhaps the climax of the action which produced McCarthyism was Truman's crack that the Alger Hiss case was a "Red herring," followed a while later by the conviction of Hiss. Or perhaps it was Truman's firing of Gen. Douglas MacArthur for wanting to win the Korean War.

Anyway, the bulk of the American people have been aware for several years now that the Red criminal conspiracy in the United States is real, that it means business, and that the business it means is the enslavement of this country to Moscow and the murder of millions of Americans.

Senator McCarthy is what you might call the living, breathing, fighting expression of that American awareness of the nature of the Communist enemy.

If he fights dirty now and then, it is because we are all up against the dirtiest foe imaginable.

And if his words and acts sometimes shock the feelings of refined people, that is because you can't fight a king cobra with a perfume atomizer.

The fierceness and toughness of McCarthy are the direct reaction to the softness and blindness of Roosevelt and Truman toward the Communist enemy. If those Presidents had had more sense, McCarthy would not have been necessary.

For McCarthyism, then credit or blame—as you choose—the New and Fair Dealers who are now screaming the loudest about McCarthyism. They are its legitimate parents, and they look more than foolish when they try to disown their offspring.
